

Sinclair
Broadcasting needs
to be held
accountable for
blatant partisan
programming just
days before the
election. If this
isn't against the
law then it surely
should be. I also
believe this is
exactly why
deregulation of the
Media, allowing them
become near
monopolies is a
break in trust to
the citizens of this
country. Please
take action against
Sinclair
Broadcasting. If no
action is taken then
Michael Powell
should be held
personally
responsible.
